Determining PDGA Playing Age									
A player's official PDGA Age is based on their year of birth, NOT their birthday. So whatever age they will be on their birthday during the calendar tour year is their PDGA age for that entire calendar tour year and determines their eligibility for age-based divisions. Examples:									
1) If a 10 year old player will turn 11 at anytime during the calendar year, their PDGA age is 11 for that entire calendar year so they must play in a Junior ≤12 division.									
2) If a 39 year old player will turn 40 at anytime during the calendar year, their PDGA age is 40 for that entire calendar year and they are eligible for Master 40+ during that entire calendar year.
